

November 2024

# Chairman's Blog

November saw us partake in Remembrance Sunday, with services in Radlett and Letchmore Heath. Afterwards, the Radlett Reform Synagogue hosted a community reception in Radlett. As ever, it is heartening to see so many members of the community attend and pay their respects.

I also gave talks to Radlett Brownies and Aldenham Prep School this month about the council and how they can get involved. It was fantastic to see such engagement and they asked some great questions about my role, our parks and the events we run.

Cllr Helen Jones

## Aldenham Green Bulb Planting

Children from Aldenham Prep School joined forces with our Open Spaces team this month to help plant daffodil bulbs at Aldenham Green. We look forward to seeing the results in the spring!

## APC Winter Fair 2024 & Festive Light Switch On

APC's annual Winter Fair was held on Sunday 24 November and was once again a great success, despite the terrible weather, with lots of festive fun and fabulous stalls for all. It was wonderful to see so many people braved Storm Bert and came along to support this fantastic event.

Outside Amer Amusements provided fun rides and games, whilst inside there were some beautiful stalls and a very popular Santa's grotto. Dame Dotty and friends, from the Radlett Centre Pantomime, kept the crowds entertained, before she headed upstairs to start the countdown with Santa for the big light switch on...and we had snow!!

I would like to thank the APC office and open spaces staff for organising and running the entire event; without all their hard work it wouldn't be possible to run this event so smoothly.

A massive congratulations to APC's Radlett Youth Council, who ran a tombola and lucky dip stall at the Winter Fair, raising a massive £367 for Teenage Cancer Trust. The members chose this charity in honour of Evani Sharma, who sadly passed away over the summer and was a valued member of the Radlett Youth Council. Well done to all.
